

# Pro700™ Wire and Valve Locator

CE

## Features

- Headset or External Speaker Response
- Locates Wire Path and Valves
- Long 27 inch metal wand
- Locates Breaks and Large Nicks
- 'D' Cell Batteries
- Hardshell Custom Case

## PRODUCT DESCRIPTION

The Pro700™ Wire and Valve Locator adds features not seen on valve locators, including an extra long metal wand for easy tracking, the option of using an external speaker instead of a headset when listening to signal, and D batteries for power. Old antiquated 'PVC pipes and tackle boxes' are no match for the power and sophistication of the Pro700™.

## PRODUCT FEATURES

- Receiver has Speaker, Headset, or Visual Indicators
- Pistol style receiver is extended for ease of locating
- Increased Receiver AC filtration
- Simple battery check of transmitter and receiver
- Custom rugged, slim carrying case
- Extra long metal wand

## SPECIFICATIONS
